The Upper Thirty (30.3 Miles)

This route is a partnership of "The Climbing Vine" and "The Original". By that I mean, the first half follows The Climbing Vine's route (green marking's) and the second half follows The Original's route (orange marking's) back to Elkin. This route is slightly shorter than the Swan Creek Vineyards route (six tenths of a mile shorter) but has almost 200 more feet of climbing. This gives riders the option of a short, but more challenging ride.

From the start after the 100, 71 and 31 mile rides turn off Main Street Elkin, this ride continues through downtown and out 268 east following the Climbing Vine's marking's (green). Working its way north, passing Cedarbrook Country Club, the ride gets into some beautiful countryside on its way to the Mountain Park community and a rest stop. After the rest stop at Golden Road Vineyards, the route starts following The Original's route (orange). Turning southeast (left) the route continues through the upper State Road and Pleasant Ridge areas before returning to Elkin High School. This ride will offer one rest stop at 17 miles. The terrain for this ride is rolling with many strenuous hills.

The Swan Creek Vineyards (30.9 miles)

This route (along with the 100 and 71 mile rides) will take cyclists out of Elkin and through the west side of Jonesville. After losing the 100 and 71 mile riders, this route will continue south and east before turning back north passing Windsor Run Cellars vineyards. A few miles later and you're at Laurel Gray Vineyards, and the rest stop. After leaving the rest stop cyclists will travel north and west returning through west Jonesville and finally up historic West Main Street in Elkin. This ride will offer one rest stop and rolling terrain and a few strenuous hills.

The Climbing Vine (51.5 Miles)

This route is unique right from the start. After the 100, 71 and 31 mile riders turn off Main Street Elkin, this ride continues through downtown and out 268 East. Working its way north, passing Cedarbrook Country Club, the ride gets into some beautiful countryside on its way to the Mountain Park community and a rest stop. At Mountain Park, the ride joins the 100 and 71 mile routes. Passing the Golden Road Vineyards (and rest stop), the routes will soon go their separate ways. Turning northwest the route continues through Thurmond and passing McRitchie Vineyards before making a short hop up and

across HWY 21 over to Traphill Road and heading towards Stone Mountain State Park. At 27.5 miles into the ride, the "fun" begins. Turning onto John P. Frank Pkwy the ride starts climbing to the well-known Oklahoma Road and then to the top at Roaring Gap. Congratulations! You just did a 5.4 mile, Cat 2 climb. Because the climb is an "up and back", you can do as much as you can or skip it altogether. Then, it's a short ride out and a left onto Austin Traphill Road and you are on your way back to Elkin. This ride will offer two rest stops at 17 and 39 miles. The terrain for this ride is rolling with several strenuous hills and one mountain.

The "Original" Tour de Vino (71.4 Miles)

This route will take cyclists out of Elkin and through the west side of Jonesville. Riders will continue a very scenic route through Yadkin County and a rest stop at Laurel Gray Vineyards. Next the riders will continue east to Rag Apple Lassie Vineyard, then north into Surry County through the very scenic area of the Rockford community, continuing through Dobson for a trip by Shelton Vineyards, one of the premier vineyards in the Southeast. Finally, cyclists will go through the Mountain Park area and return to Elkin High school. This ride will offer four rest stops at 10, 28, 47 and 58 miles. The terrain for this ride is rolling with several strenuous hills.

The Entire Row (100.2 Miles)

This route (along with the 71 and 31 mile rides) will take cyclists out of Elkin and through the west side of Jonesville. Riders will continue on a very scenic route through Yadkin County before being the first to split off from the pack. Turning right onto Clingman Road, they will pass the first of many vineyards, Raffaldini Vineyards followed shortly by Piccione Vineyards. Continuing through the Clingman community, they will join in with the 31-mile route for the next 10 miles including the first rest stop at Laurel Gray Vineyards. The route has now joined the 71 miler's route, and both will continue to run together for the next 40 miles. Going pass Rag Apple Lassie Vineyards (another rest stop) and the historic Rockford community, the routes will once again separate on the west side of Dobson. Turning North the route finds its way to Haystack Road next to the historic Edwards-Franklin House. Continuing towards the Devotion community, it turns back south following the beautiful Mitchell River and crossing it at Kapps Mill. Heading toward the Zephyr community, the route rejoins the 71 mile route and continues through Mountain Park, upper State Road and Pleasant Ridge areas before returning to Elkin High School. This ride will offer four rest stops at 22, 41, 60 and 87 miles. The terrain for this ride is rolling with many strenuous hills and a total of almost 7000 feet of climbing.

SHOWERS WILL BE AVAILABLE AFTER THE RIDE.
